VOLUNTEERS READY

SCHEDULE FIXED TO HELP HARVEST GRAIN CROPS

20 MEN AVAILABLE

Each Day In the Week a Captain and Crew Will Be in Readiness to Go Into the Fields

With nearly one hundred able-bodied business men who have volunteered to go into the fields on call to help harvest the wheat and other grain the farmers in the vicinity of Maryville need have little fear but that their crops will be taken care of. Following a systematic plan that has been worked out by the committee, headed by Ed Curfman, certain men will be notified to hold themselves in readiness to go on certain days of the week. In the event any one of the day's crew finds himself unable to leave his business on the day named a reserve list of some seventy men is available from which to secure substitutes.

Six captains have been named for the six days in the week and who will notify their crews to be ready. For next week the following schedule and men have been named:

Monday—W. O. Garrett, capt.; L. E. Holt, Frank Barmann, Ed Howland, Frank Garrett.

Tuesday—Arch Frank, capt.; J. M. Cummings, Abe Hoover, C. H. Allen, J. E. Bailey, Ed Munson.

Wednesday—Ed Schumacher, capt.; Dick Strong, Joe Leuck, Ed Wolfert, Albert Butcher.

Thursday—C. C. Heilmers, capt.; Fred Hall, Bert Rowley, A. Nell Somerville, Tom Wadley, Chas. Wadley, Fred Newton.

Friday—C. F. Remus, capt.; O. O. Howard, Ernest Kessler, E. E. Lloyd, Ed Hammond, Bob Campbell, Russell Burris, John Curritt, T. H. Leet.

Saturday—George Moore, capt.; S. B. Williams, Elmer Moberly, Oakley Richman, Harold Stafford.

In case any of the men named is unable to go a reserve list is registered at Commercial Club headquarters, each man having volunteered to serve on call. Included in the reserve list are the following men who have agreed to make farm hands:

CORN NEVER WAS BETTER

J. M. Huston, District Farm Agent, Says County Will Harvest Largest Grain Crops In Its History

That Nodaway county will harvest the biggest crop of corn, wheat, oats, rye and barley in its history is the opinion of J. M. Huston, district farm agent. Mr. Huston has made a circuit of the county within the past week and is familiar with conditions. "The farmers are needing help badly," said Mr. Huston today, "and women and boys are in the fields shocking and helping in other ways. Most of them are backward about asking aid of the townpeople who are more than glad to be of service if they know where to go."

In discussing the crop prospects Mr. Huston said: "The wheat crop is going far beyond what it was believed it would be earlier in the season. I have examined scores of fields and some of it will go as high as forty-five and fifty bushels to the acre, with a general average of better than thirty bushels, I believe. I have certified several that will go forty-five."

"It should be the aim of farmers to use certified seed wheat for next season's planting, thereby getting an adaptable seed and at the same time increasing the yield."

"Corn never looked better and is coming fast. Lots of it is already tasseling out, which means that it will take an unusually early frost to catch it before it matures. Regardless of the fact that but little rain has fallen in the past two weeks corn is not suffering by any means and already half of the acreage in this county has been laid by. Any excess of moisture at this time would result in greater harm than good. While it is true that corn would be benefitted by showers, wheat and oats would be damaged and the harvest delayed. Corn will not need rain before the first ten days in July and by that time the wheat and oats harvest will be out of the way and threshing will be well advanced."

"There is but one of the many crops that is short, and that is the timothy crop. There will be little timothy this year and alfalfa crops will make up for it. Alfalfa is getting to be the leading hay and forage crop and the acreage is increasing greatly each year, as it should, for every animal on the farm will eat alfalfa, including the chickens."

"One thing that has served to assure a big corn crop is due to the seed testing that was done this year. The results are already apparent and will continue to be more so as the corn approaches maturity."

Mr. Huston has been of great assistance to farmers and grain growers since coming here as district agent and is on the job all the time using his knowledge for the benefit of increased production and better farming.

BACK FROM FOOD CONFERENCE

County Administrator F. P. Robinson Attended Meeting at Columbia

F. P. Robinson just returned from a meeting at Columbia of food administrators from Missouri counties, called by Dean Mumford, state food administrator, says that reports of record crops were given by many of the officials, the report as to the wheat acreage and yield being especially favorable. Food administration matters had the attention of the county officials and publicity will be given to the details within a few days.

Earl McCleave, With Record Will Have Over \$10,000 to Credit When He Comes Ho

While Earl McCleave, a boy now in France with Perforce, is fighting the Germans back home are harvesting to his crop of 130 acres of wheat that Jackson should have returned to him when the crop was in bush. This was agreed to and McCleave started a tractor at work, we night and day getting the ground shape and cultivating it up until time he was called to join the several plows were worn out in process.

Young McCleave secured the land and seed from Roy Jackson, the only stipulation that Jackson should have returned him when the crop was in bush. This was agreed to and McCleave started a tractor at work, we night and day getting the ground shape and cultivating it up until time he was called to join the several plows were worn out in process.

With the crop matured and owner gone to fight the Hun the pie of Barnard decided that the boy's crop must be harvested him and with one accord the business agreed to close up their if necessary and go to the help with the work. The agreement also included aid for the other fields adjoining, and enough labor is available every house will be closed until wheat is safely harvested.

When the war has been won young McCleave returns to his at Barnard he will find in the bank a sum approximating \$10,000, the proceeds of his 130 of wheat.

CAPACITY OF ELEVATORS

Are Urged to Make Preparation to Take Care of Their Crops of Grain

There can be no great incentive for the growers to store their grain for a raise in price, it is possible that the roads will not be able to handle it at threshing time and it is necessary for some means to

be provided for holding the crop until it can be moved to market. It is certain that all the elevators throughout the county will be taxed to capacity early after the beginning of the threshing season and the state council of defense has advised that farmers do not allow the grain to remain in the open or exposed to the weather. The present high price which has been established by the federal government, makes it possible for the grow-

MISSOURI SHOWS LOSS OF 9,008 IN ONE YEAR

INTERESTING FIGURES

State Bureau of Health Will Urge That a Child Welfare Department Be Maintained

Jefferson City, June 27.—A loss of 9,008 in the birth rate in Missouri is shown for 1917, compared with 1916.

Official figures have been compiled by the state board of health and are now in the hands of the state printer. The birth rate loss is the first since the state board of statistics was established.

There were 59,361 births reported in 1917. The birth rate in St. Louis was 26.52 per cent. The highest birth rate was in Dunklin county and the lowest in Lewis county. The greatest number of births was in March and the smallest in November.

Death claimed 43,410 in 1917, a decrease of 1,235 compared with the preceding year. Pneumonia victims numbered 6,229. Tuberculosis took a toll of 4,704, a slight decrease. Diseases of the heart and the circulatory system caused 5,795 deaths. Acute nephritis and Bright's disease are represented by 3,423 deaths, a small decrease from the 1916 figure.

The report will recommend appropriations to support county hospitals for tubercular patients; to provide compulsory medical inspection of schools and to maintain a state department of child welfare.

Mr. and Mrs. Rankin Lyle left this morning for Omaha where they will visit their son, Curtis.

The Perfect Baby Of The Future

A Simple Method That Has a Wonderful Influence upon The Future Infant.

Before the arrival of baby knowing women for over half a century have used with regularity the time-honored preparation, Mother's Friend.

Here is a most wonderful application for the abdomen and breasts. It penetrates the muscles, ligaments and tissues, rendering them pliant to readily yield to nature's demand for expansion.

By its use the anxious weeks of pregnancy are made comfortable. The usual wrenching strain, bearing-down and stretching pains are counteracted. The system is prepared for the coming event, and its use brings rest, repose and happy anticipation.

By the regular use of Mother's Friend during the period the muscles expand easier when baby arrives, and naturally the pain and danger at the crisis is less.

Mother's Friend is prepared after the formula of a noted family doctor by the Bradford Regulator Co., Lamar Bldg., Atlanta, Ga. It is for external use only; is absolutely and entirely safe and wonderfully effective. Write them for their instructive and interesting "Motherhood Book." There is a wealth of instruction and comfort to be derived in reading this little book. It is plainly written just what every woman wants to know and will be a splendid little text book of guidance, not only for yourself but will make you helpful to others. And in the meantime obtain a bottle of Mother's Friend from the druggist, and thus fortify yourself against pain and discomfort.

White Wash Skirts

When you purchase your summer wash skirt get a Wooltex-shrunk and be assured of entire satisfaction.

In a Wooltex-shrunk wash skirt you are sure of these things:

- Smart, correct style created by designers who know fashion.
- Fine, quality materials pre-shrunk before cutting so you don't have to allow for shrinkage—shrinkage that destroys fit and ruins style.
- Pre-shrunk belts that will not soften nor curl.
- Hooks, eyes and snaps that won't rust.
- Reasonable prices for the quality offered.

These satisfactory, quality features are found in every Wooltex-shrunk tailored wash skirt.

Exceptional values at, each. \$4.50, \$5.00, \$6.75, \$7.50 and \$8.75
Other wash skirts at, each. \$1.50, \$2.00 and \$2.75

SMART BLOUSES

Now comes the time when every woman realizes that she needs blouses. Perhaps it is a dainty sheer creation for dress wear—or maybe just plain, every day wash waists. But whatever the demand, we have a blouse for every occasion.

Beautiful white blouses of Georgette crepe in dainty, dressy effects. Embroidered effects, beaded styles and those with fancy lace trimming, at each. \$5.00 to \$12.75

Blouses of Voile and Organdy, sheer and cool, various new effects; some in Philippine hand-made; some in plain, neat styles with large collars; all very desirable for summer wear, at each \$1.25 to \$10.00

The middies and smocks have become very popular for summer wear. Normal students, business girls and those on vacations find them very convenient, cool and good looking. They are in white, colors, and those of white with colored collar, cuffs and belt. Priced at— \$1.25, \$1.50, \$2.00, \$2.50, \$3.00, \$3.50, \$4.00, \$4.50.

Sample Dresses

Arranged for easy selection in the ready-to-wear department you will find a sample line of wash dresses. These are of Voile, Gingham, and Voile and Gingham combinations. White with colored combinations, plaids, stripes, checks and figured effects.

The philosophy of the W. S. S. is save, save, save.

NO REASON FOR IT.

When Maryville Citizens Show a Way.

There can be no reason why any reader of this who suffers the tortures of an aching back, the annoyance of urinary disorders, the pains and dangers of kidney ills will fail to heed the words of a neighbor who has found relief. Read what a Maryville citizen says:

Mrs. W. A. Townsend, 423 West Sixth St. Maryville, says: "At one time when having trouble with a lame and aching back and congestion of the kidneys, I used Doan's Kidney Pills. They helped me from the first and also removed the trouble with my back and improved my health in every way."

Price 60c at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Townsend had. Foster-Milburn Co., Mfrs., Buffalo, N. Y.

GET NEW KIDNEYS!

The kidneys are the most overworked organs of the human body, and when they fail in their work of filtering out and throwing off the poisons developed in the system, things begin to happen.

One of the first warnings is pain or stiffness in the lower part of the back; highly colored urine; loss of appetite; indigestion; irritation, or even stones in the bladder. These symptoms indicate a condition that may lead to that dreaded and fatal malady, Bright's disease, for which there is said to be no cure.

You can almost certainly find immediate relief in GOLD MEDAL Haarlem Oil Capsules. For more than 200 years this famous preparation has been an unfailing remedy for all kidney, bladder and urinary troubles. Get it at any drug store, and if it does not give you almost immediate relief, your money will be refunded. Be sure you get the GOLD MEDAL brand. None other genuine. In boxes, three sizes.

YOU WILL EVENTUALLY BUY A LA CAMILLE FRONT LACE CORSET
Why not Now, and be Comfortable?

You take no chances, as we guarantee every corset to be satisfactory, especially so if you will allow our expert corsetiers to fit you.

Fitting a corset means nothing unless fitted correctly. We have had many women tell us they have had corsets fitted but they were not fitted properly, as they were not comfortable. Our corsetiers have been thoroughly trained to do this work right and we also have the proper accessories to alter corsets as they should be, such as—

—Stay cutting machine to cut and recap the stays when they are too long.

—Rubber gussets and belting to make any alterations of this kind that are necessary—in fact, we have a most modern and up-to-date corset fitting department to give you just the service you need. Take advantage of this—it costs you nothing.

Call in and let us explain the front shield and Ventilo back features of La Camille corsets—features that every front lace corset should have, but found only on La Camille.
